### 1 July 2022 - Present (2 Years)

Internet Thailand Public Company Limited

### Software Engineer

Experienced Software Engineer with 2 years of expertise in developing scalable websites at Internet Thailand Public Company Limited.

My responsibilities included managing website registrations for applicants seeking to apply to various positions in Thailand, with over 100,000 users in the system, such as:

- Police Commissioned Officer
- Police Non-Commissioned Officer
- Border Patrol Police Bureau
- Provincial Police Region 9
- Office of the Civil Service Commission Extra Session
- Teacher
- Teacher's Professional License
- Veterinary Medicine License

My overall tasks on the projects involve creating a function for registering on this website, viewing applicant details and statuses, processing payments, implementing a function to print customer data as PDF files, and displaying exam scores and locations.

Additionally, I was involved in internal projects.
