1 July 2022 - Present

Internet Thailand Public Company Limited

Software Engineer

I was a Software Engineer with 2 years of hands-on experience in developing scalable websites at Internet Thailand Public Company Limited.

My responsibilities included managing website registrations for applicants seeking to apply to various positions in Thailand, such as:

- Police Commissioned Officer
- Police Non-Commissioned Officer
- Border Patrol Police Bureau
- Provincial Police Region 9
- Office of the Civil Service Commission Extra Session
- Teacher
- Teacher's Professional License
- Veterinary Medicine License

Additionally, I was involved in internal projects, such as:

- HR Tracking
- Online Recruitment Report
- Online Payment Service

5 May 2021 - 18 March 2022

Kaennakhon Witthayalai School

Teacher

I was a teacher with 1 year of experience teaching computational science, design and technology, algorithms, and basic Python at Kaennakhon Witthayalai School, where I also contributed to curriculum development and student mentorship.

4 January 2021 - 2 April 2021

National Broadcasting Services of Thailand Khonkaen

internship

I was an intern at The National Broadcasting Services of Thailand Khonkaen for 3 months, where I worked as a cameraman, reporter, graphic designer, editor, and performed other duties as assigned.
